Central North Carolina Fellowship of Christian Athletes currently reaches 89 of our area’s campuses with an active ministry presence. Approximately 65% or 56 of these campuses have active Huddle Clubs that meet on a regular basis throughout the school year, serving approximately 2500 students. The other thirty-three “active” campuses participate in area-wide FCA activities and camp/retreat opportunities throughout the year.

As indicated on the chart above, adequate staffing would allow us to nearly double the number of schools that we reach through FCA. This translates into thousands of potential students in our immediate 12 county area who could be impacted by the gospel of Jesus Christ through FCA’s ministry.
